

# Horizon Europe

The positioning of  
Research Infrastructures

#HorizonEU

**Anna Panagopoulou**

Acting Director Research & Innovation Outreach  
Directorate-General for Research & Innovation  
LENS Colloquium, Brussels, 11 February 2020

# A Commission founded on the six ambitions in the Political Guidelines

## A European Green Deal

Striving to be the first climate neutral continent

## An economy that works for the people

Working for social fairness and prosperity

## A Europe fit for the digital age

Empowering people with a new generation of technologies

## Promoting our European way of life

Building a Union of equality in which we all have the same access to opportunities

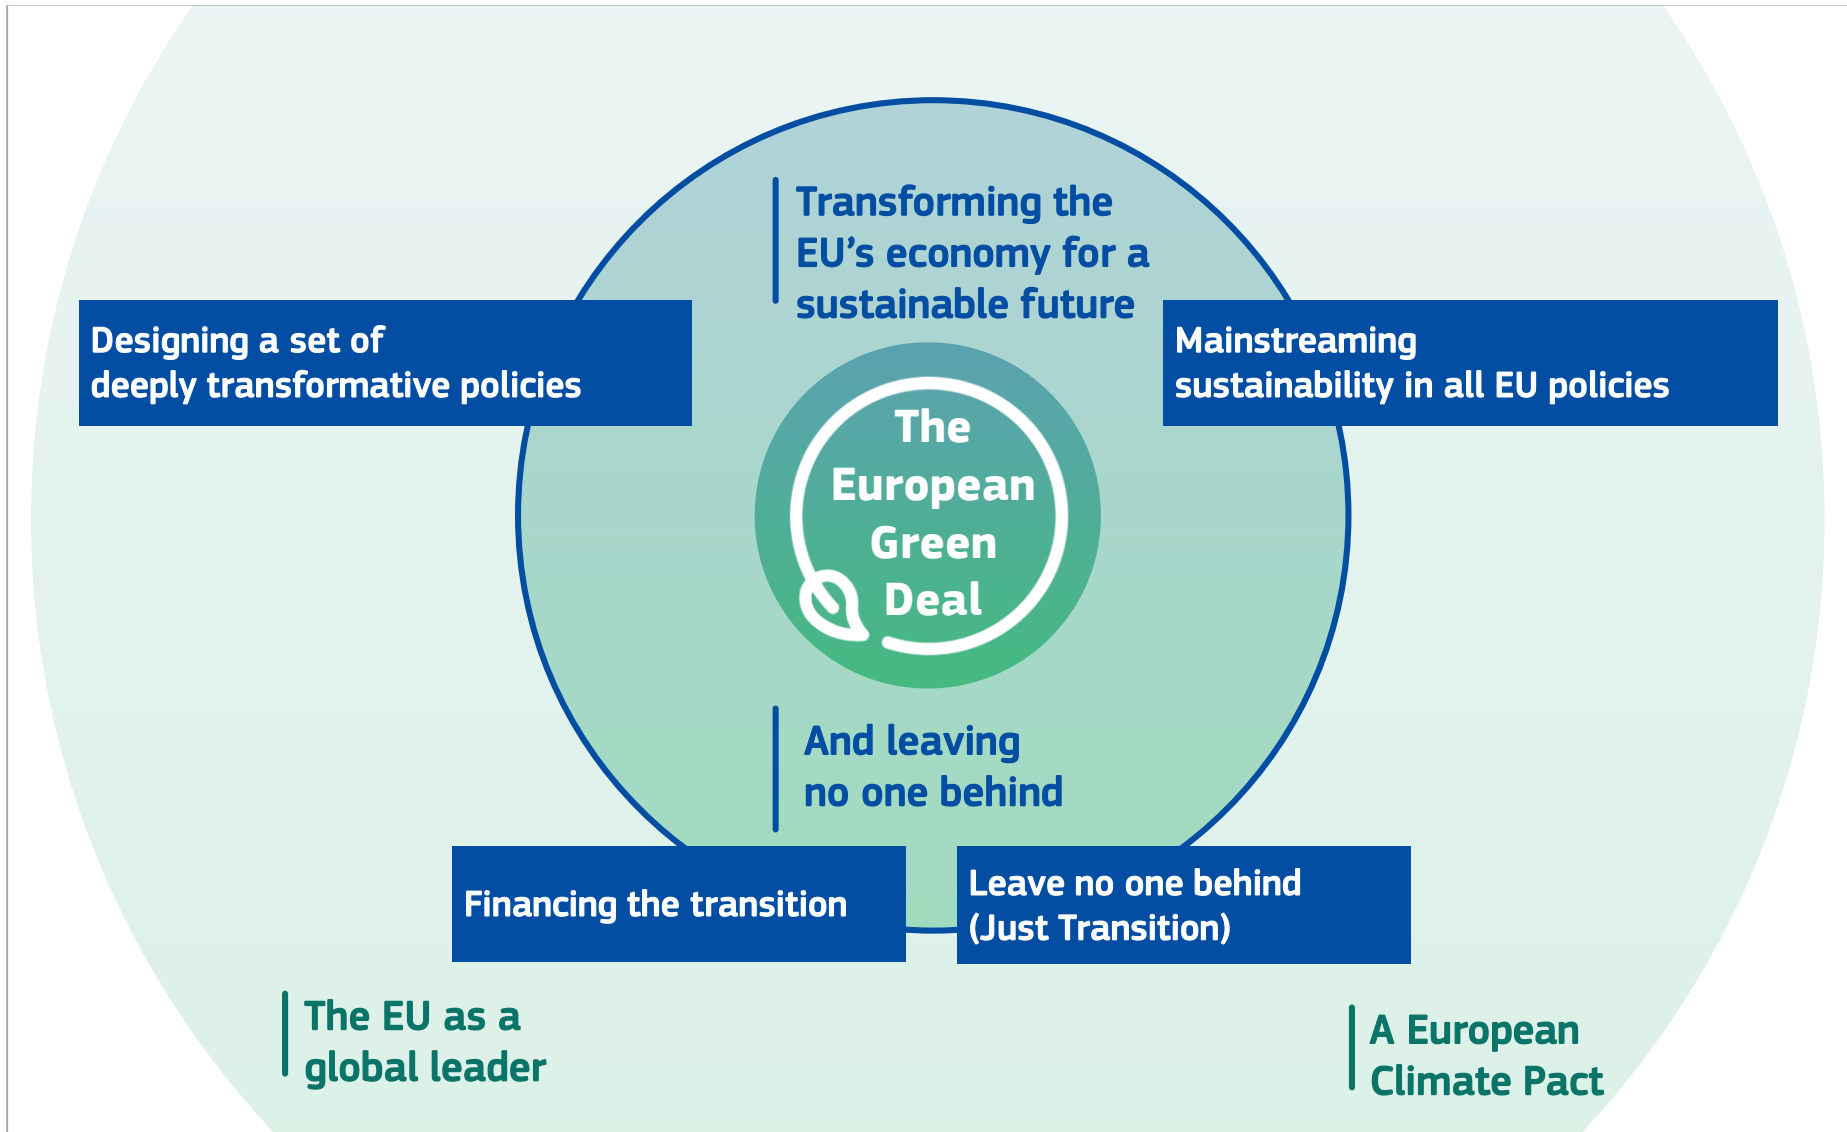

## A stronger Europe in the world

Europe to strive for more by strengthening our unique brand of responsible global leadership

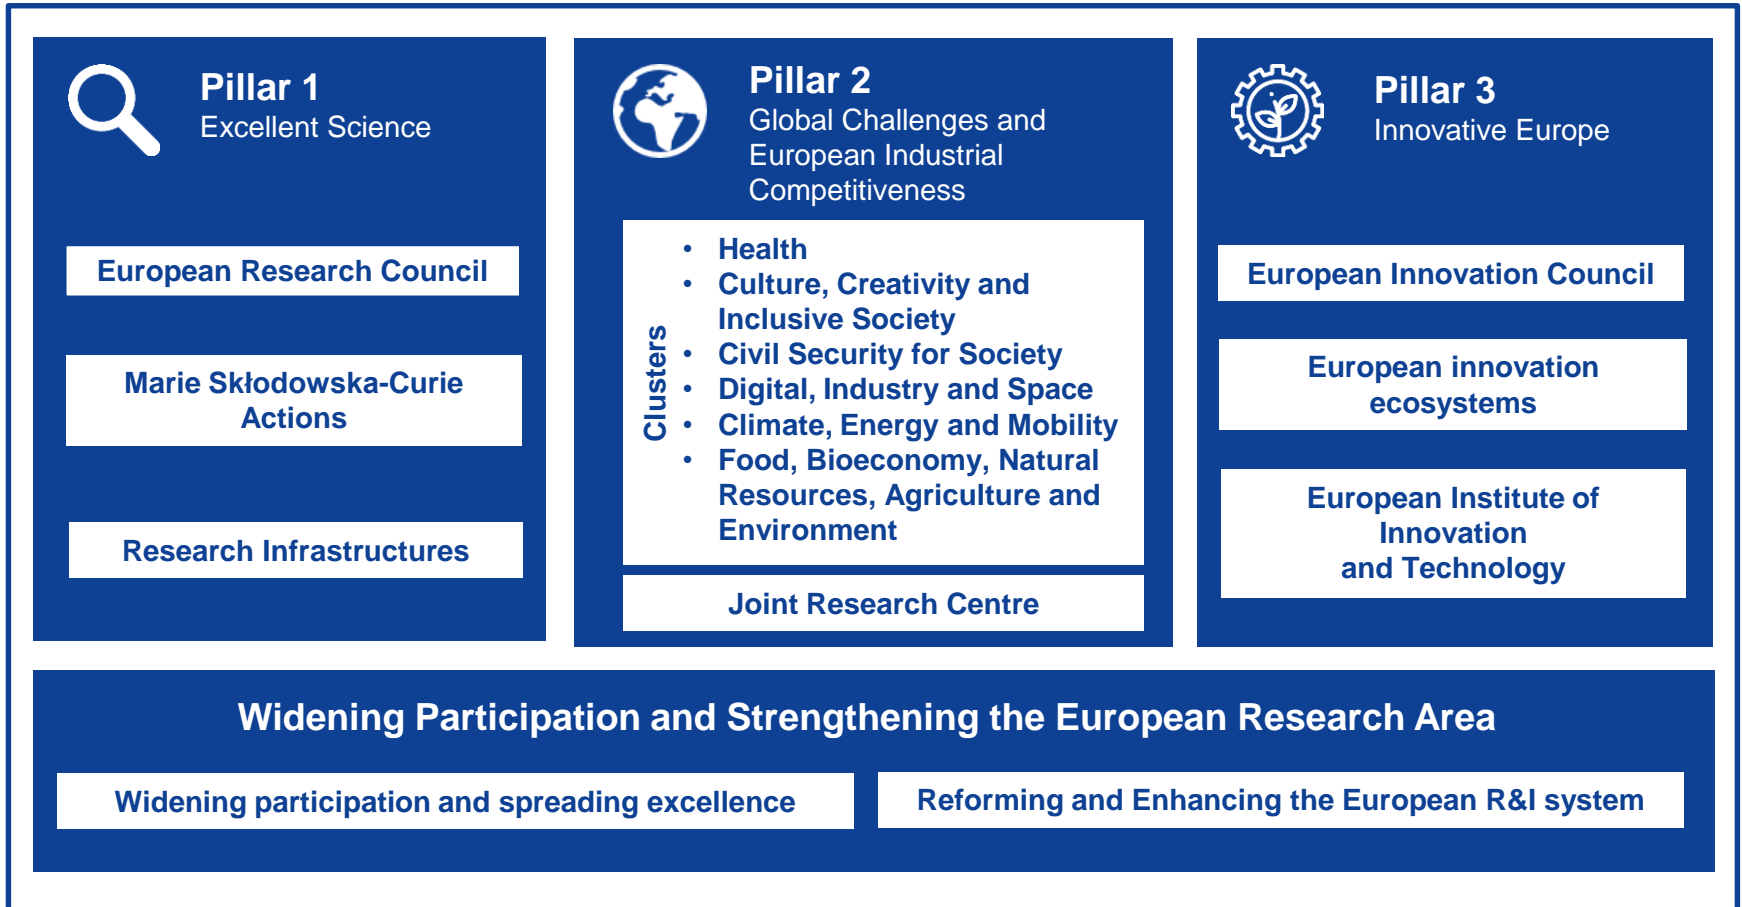

## A new push for European democracy

Nurturing, strengthening and protecting our democracy

# The European Green Deal

# Horizon Europe: Preliminary structure

# Adaptation to climate change, including societal transformation

## Mission areas

Healthy oceans, seas, coastal and inland waters

Cancer

Climate-neutral and smart cities

Soil health and food

# What are Technology Infrastructures?

Facilities, equipment, capabilities and support services required **to develop, test and upscale technology to higher TRLs** whilst ensuring feasibility and regulatory compliance.

Public, semi-public or private status. Users are mainly industrial players, including SMEs, **seeking** to develop innovative technologies **towards commercialisation of new products**, processes and services.

(Cf. Commission Staff Working Document on Technology Infrastructures, April 2019)
