

Dear Participants,

Here is some additional information on how to get to MAX IV, the venue for the workshop.

**From Copenhagen International Airport:**

With the Öresunds train:

- Buy your ticket using a debit/credit card or Discount Travel Card (Jojo). There is 1 red "Skånetrafiken" ticket machine at the Baggage Claim area and 4 red "Skånetrafiken" ticket machines in Terminal 3 (by the escalators leading to the train station platform).
- With Skånetrafiken's App you can buy single fare tickets for trains and buses throughout Skåne.  
You can download this app from App Store or Google Play, you find it by searching for "Skånetrafiken". The first time you buy the ticket via the app your credit card number is requested.

**Tickets are not available for purchase on board trains with cash or credit cards!**

How to find the train:

On the train station platform in Terminal 3 take any train on track 1 going to the following Swedish destinations: Gothenburg, Kalmar, Helsingborg, Kristianstad or Karlskrona. They all stop in Malmö and then in **Lund**. The trains leave every 20 minutes (less frequent during the night) and the journey takes around 35 minutes to Lund Central Station.

**From Sturup Malmö Airport:**

There are coaches ("Flygbussarna") to Lund Central. The trip takes about 35 minutes. You can purchase your ticket as you board the bus with a credit/debit card or on-line in advance at their website: <https://www.flygbussarna.se/en>.

Once you are at Lund Central station you can either take a local bus or a taxi.

By bus:

You need either

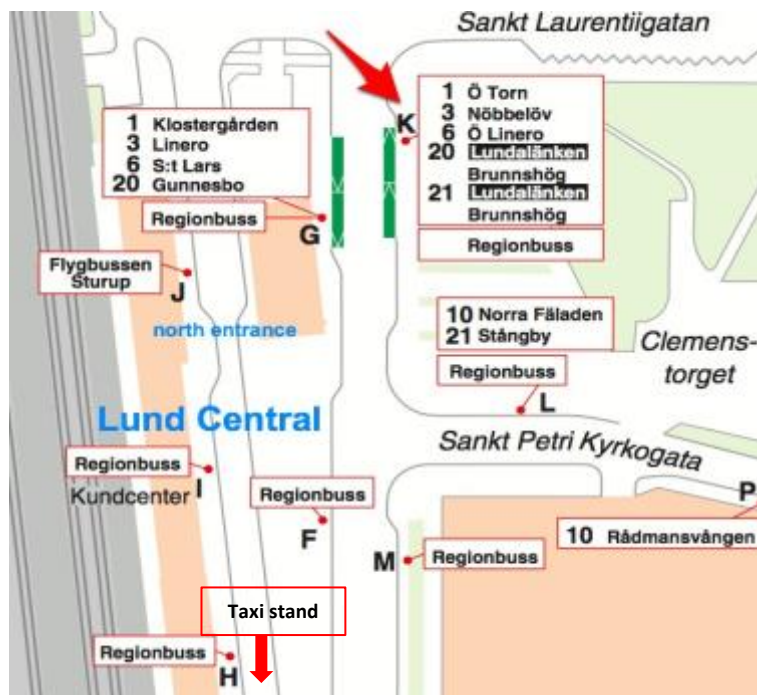

- The train ticket from the airport that includes local buses - ask the train staff about your ticket.
- [Mobile phone app](#). Search for Skånetrafiken in App Store or Google Play.
- Local train/bus card (Jojo) with sufficient credit (around 20 SEK per trip). A Jojo card topped up with 50-200 SEK can be purchased at the customer center (Kundcenter) of Skånetrafiken at the station.

**Tickets are not available for purchase on board buses with cash or credit cards!**
