

Electronic phenomena studied in the nordic countries

Wednesday, 5 July 2017

Session 8: M. Beleggia: Electron holographic measurements of magnetic multipole and toroidal moments (10:40 - 11:20)

time	[id]	title	presenter
10:40		Coffee break	

Session 8: Andersson: The collective state of densely packed magnetic nanoparticles (11:20 - 11:40)

Session 8: Overview & end of meeting (11:40 - 11:50)
